- 1# Back strap
- 1# Ceiling bar with cord grips
- 6# Machine screws

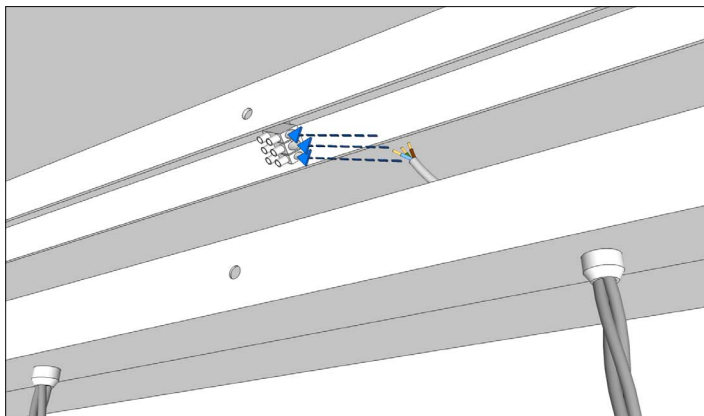

Step 1: Offer back strap bracket to ceiling to mark where fixing holes will be located.

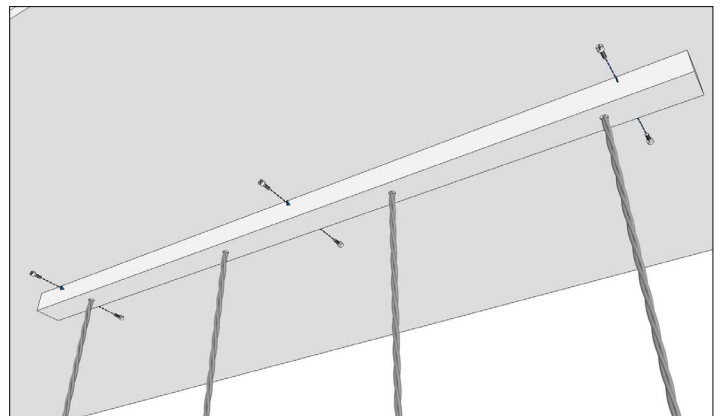

Step 2: Bring mains feed through centre hole and secure back strap to ceiling using suitable fixings.

Step 3: Thread flex from lights through cord grips on ceiling bar. Wire into loom observing polarity. Set pendant height and tighten cord grip.

Step 4: Connect mains feed to ceiling bar observing polarity.

Step 5: Ensuring that no wires are trapped, offer ceiling bar up to back strap and secure using supplied machine screws.
